was Used With Perfect Success. Prior to the discovery of Hyomei, the only advice a physician could give to a hay fever patient was to go away from nome, but now any one who expects the disease, can, if Hyomei is used, stay at bome without fear of the annual attack of sneezing, watery eyes, and other discomfort.

J. F. Forbes, a well known western railroad man, whose home is at McCook, Neb, writes, "I have never had relief from any remedy for hay fever, even temporarily, until I discovered the merits of Hyomei. I will always recommend it whenever occasion requires."

There is no offensive stomach dosing when Hyomei is used. It is a rehable remedy for the cure of all diseases of the respiratory organs and is breathed through a neat pocket inhaler that comes with every outfit, so that the air taken into the throat and lungs is like that of the White Mountains or other health resorts where hav fever is unknown.

W. B. Eastman, who has the local agency for Hyomei, advises all who are subject to hay fever to begin its use two or three weeks before the time of the annual appearance of this disease and thus prevent the attack. It, however, Hyomei is not used until the sneezing and other disagreeable symptoms have shown themselves, it is necessary to use the treatment more frequently, at least half a dozen times daily, and Hyomei Baim should be rubbed into the nostrils

both morning and night.
The fact that W. B. Eastman agrees to refund the money to any hay fever sufferer who uses Hyomei without success, should inspire confidence in its power to effect a cure.

STATE NEWS.

The building now occupied in Grand Isle jointly by the Congregationalists and Methodists, since the Methodists sold theirs to the town, has been repaired to the extent of new pews, frescoed walls and steel ceiling. The societies shared equally in the expense and have filed an agreement for use in the town clerk's office.

Repairs and improvements at Wallingford costing \$3.500, upon the house of worship have been in progress. The interior was remodeled, trescoed and seated with beavy oak pews. Eleven memorial windows have been placed. Services were held in the building July 5, and on the arrival of a memorial tablet to Rev. Aldace Walker, D. D., pastor 1862-78, which is expected early in August, there will be a rededication.

The church at Newport has been renovated at an expense of about \$1,500, met by the Ladies' Society. The entire woodwork of the interior has been rubbed down and varnished, the walls trescoed and new carpets laid in all the rooms. The ladies' parlor has been changed to the second floor, and the rooms for Sunday school brought down to the first floor. Services have been held again in the church since early in July. The pastor takes a vacation through Angust and the congregation worships with the Baptists. During July the Baptist pastor was away, and his people joined with the Congrega-

W. C. T. U. Meeting.

The regular monthly meeting of the W. C. T. U. was held at the home of Mrs. Lorenzo Sulloway, Tuesday afternoon of last week. About 25 members and friends were invited and were happily entertained. The devotional service was followed by a program of selected readings from different sources, arranged by committee previously appointed. Music was furnished by some of St. Johnsbury's best choir voices, and the roll call was responded to by scripture or other selections, expressing the Christian line of thought which is a part of the work of this organization-Woman's Christian Temperance Union. After a pleasant hour refreshments were served, satisfying those present of the fine qualities of their hostess in this line, and a collection was taken, which added quite little sum of money to the treasury. After a few social greetings the meeting was adjourned, and will be long remembered as a very pleasant gathering. Museum Notes.

The following flowers have been shown during the past week: Hardback or steeple-bush, tall white lettuce, roundleaved sundew, sweet elder, purplestemmed aster, zigzag goldenrod, stout ragged goldenrod, mad-dog skullcap, hemp nettle, wild mint, tall white bog orchis, daisy fleabane, large coral root, hay scented tern, common polypody, rusty woodsia, ebony spleenwort, brittle fern, thoroughwort, black nightshade, Indian tobacco, evergreen wood fern, slender ladies' tresses, lady's thumb, pearly everlasting, rough bedstraw, climbing false buckwheat, broad-leaved arrow-head and fragrant everlasting.
